Total Transit/Discount Cab Expands Reach to California

Latest move marks the second out-of-state expansion for Total Transit, having already secured a contract in Salt Lake City, Utah

PHOENIX – January 19, 2012 – Total Transit, parent company to Discount Cab, is proud to announce that it has begun providing transportation management services in both Riverside and San Bernardino Counties in California for a rather large managed care health plan. This marks the second out-of-state move for Total Transit in just under six months.

Toward the end of 2011, Total Transit/Discount Cab secured its first out-of-state expansion with a contract to begin operations in Salt Lake City, Utah in early, 2012.

As a basis for the expansion, Total Transit leveraged the company's position in the transportation industry with respect to standards and eco-friendly initiatives, driver requirements that go above and beyond what is typically required by law, the company's commitment to driver certifications to provide mobility/wheelchair-accommodating transportation for those with disabilities and finally the creation of a robust transportation provider network to support the thousands of Medicaid and Medi-Cal members who reside in the Inland Empire.

"I am thrilled with this new momentum we've seen as a result of our efforts to expand out-of-state," said Total Transit CEO Craig Hughes. "Total Transit has three lines of business and we have now successfully broken into two out-of-state markets; first with our Cab operations in Salt Lake City, Utah and now with our transportation management line of business in the Inland Empire. We certainly offer a service that is both unique and important to those needing transportation. Our level of service
