Discount Cab Unveils New West Valley Driver Center

New center features improved amenities, services for independent contractor drivers

GLENDALE, Ariz. – (July 2, 2012) – Discount Cab, subsidiary of Total Transit, has today opened a new, state-of-the-art facility next to its Glendale headquarters to be used exclusively for Discount Cab operations. A ribbon cutting, held in conjunction with members of the Glendale Chamber of Commerce, officially opened the center. Among the center's features are a new internet lounge and facilities for improved driver check-in and check-out. The second story of the facility is now home to the new Discount Cab call center, one of the largest taxicab call centers in the nation with 24/7 and multilingual support.

Discount Cab anticipates a ten percent increase in need over the next year for drivers, so company recruiters were on-site during the grand opening to meet with those seeking a new career as a driver. A raffle and lease specials were held for existing drivers during the grand opening, and social media contests will be held all week to celebrate the opening of the new center.

Reflecting the company's mantra of being "Safe, Clean & Green," Discount Cab featured a green carpet at the opening event, which, along with vintage vehicles, provided for excellent photo opportunities. A live DJ set the tone for a fun day of food, a screening of the film *Taxi*, networking, guided tours of the facility and more.

"I'm very proud to open this new Driver Center next door to our corporate headquarters," stated Total Transit CEO Craig Hughes. "The new center shows our employees and independent contractor drivers that we care about their success. It is also a symbol of all that we've accomplished together and anticipates our continuing growth."

SAFE, CLEAN & GREEN

About Discount Cab

Founded in 1984, Discount Cab is one of the largest cab companies in the Southwest, with a fleet of nearly 800 cabs. Headquartered in Glendale, Arizona, Discount Cab operates throughout Arizona and in other states. Discount Cab adheres to the core principles of transparency, honesty, integrity, environmental consideration and innovation, which ensure they are the company people call whenever they need a ride. Discount Cab operates with respect for its employees, its contractors, the environment, the community and, most importantly, its passengers. Discount Cab provides mobility/wheelchair-accommodating and eco-friendly transportation (over 80% of its fleet is made up of the highly fuel-efficient Prius). Discount Cab received the 2009 "Taxicab Large Fleet Operator of the Year" award from the Taxicab, Limousine & Paratransit Association (TLPA).
